OBITUARY WORKSHEET

Mail or fax to your local conference communication department within six months of death.

Please verify all information before submitting. The Recorder is not responsible for reprinting obituaries that were submitted incomplete or with errors. Those listed must have been members in the Pacific Union at the time of death (rare exceptions for those who lived here for 25+ years or who left within the past year). Listings more than six months old do not qualify for publication. Clearly print all surviving relatives in this order: spouse, sons, stepsons, daughters, stepdaughters. For an **unmarried** young person's obituary (<35 yrs.), you may include father (and stepmother), mother (and stepfather), and siblings. **DO NOT** list other relatives, such as spouses of family members, aunts, uncles, cousins, nieces, nephews, etc., cities of residence, etc. Remember that the Recorder's deadline schedule is about six weeks ahead of the issue date, so submitted obits may not appear for at least two to three months.
